Dear Graduating Class of 2024,

As the Dean of Student Affairs, I feel immense joy in addressing you. Your journey at IIT Jodhpur has been nothing short of remarkable, marked by profound personal growth and unforgettable experiences. Today marks a significant moment in your lives, culminating in years of dedication, perseverance, and determination. Before you embark on the next chapter of your journey, I want to take a moment to reflect on the remarkable impact you have had on our institute community.

Heartlines are composed of up and down waves as a sign of life; similarly, each of you had your share of joy and sorrow during your stay here. For us, you have exemplified compassion, resilience, and leadership. Whether through your involvement in student senate activities, community service initiatives, groundbreaking research endeavors, or academic achievements, you have left an indelible mark on our campus and beyond. President SAA's Message

Dr. Shankar Manoharan

Associate Dean (Alumni Relations)
President (Society of Alumni Affairs)

It is that time of the year again. Racing against time to savour as much of the IITJ campus, the friendships forged, the relationships built and memories created. Soon enough, it will be time to bid farewell to this campus and the carefree life of a student and jump into the realities of life beyond IITJ. As you prepare to graduate, having imbibed the guiding principles that IITJ stands for and the skills and knowledge that were imparted here, I wish you all the very best in life. Before we bid our farewells, please take a moment to appreciate the bonds that you have built here over the last few years. Although you may not realize it now, these are the few years that you will cherish for the rest of your life and the bonds that you have built here will last longer and will only grow stronger. As you hit the road running, wherever life takes you, remember to #StayConnected among yourself and with IITJ. An easy way to do this is to login periodically into the Alumni web portal, which can be found [here](#). Please update your profile and use this resource effectively to help each other and to #StayConnected as a proud member of the IITJ Family. I am sure that each one of you will make impactful contributions in your domain in the time to come. Whenever you reach a milestone, do keep us posted. Believe me, there is nothing more satisfying to a teacher and an Institute than to learn about the achievements, growth of our students and the change that they are bringing about in the lives of others. Remember the day when a guiding direction or a word of encouragement from your senior or an alumnus lifted a huge weight from your shoulders and infused energy to go after what you want? It is now your responsibility to mentor and motivate a random young junior, who is treading in the same path that you took. And guess what, your senior alumni will have your back even after you have graduated from the Institute. If there is one thing that I have learnt in my limited experience from the emotional confessions in the last few Alumni Days and reunions, these bonds that you proactively create across years not only enrich your social life, but also can be a huge advantage in your professional life. Just to reiterate #StayConnected. Finally, a few words as the President of the Society of Alumni Affairs (SAA). It is very satisfying to see this digital yearbook for the Class of 2024 in all its glory. I must congratulate the entire SAA team along with the Vice President, Tushar for their unwavering commitment to bring this vision of Prof. Chaudhury, our Director to fruition. I'll end with a favourite line. Institutions are often measured by how well their Alumni do in the world. Sure, go reach for the stars and make it big. What we'll be even more proud of is the amount of good that you bring into this world. Once again, I wish you all the very best!

With warm regards,

Dr. Shankar Manoharan

General Secretary ACAC

As our graduation comes near, I would like to express my gratitude to all the individuals who have achieved great success during their time at IIT Jodhpur and made the Institute and the student community feel proud of themselves.

Being a student representative, I have had a great journey and I want to thank all of you for providing your support and contributing to the success of the student councils.

With this, I'm optimistic that our collaborative efforts at IITJ will result in fresh, impactful endeavors, including the inauguration of ANVISA, and will grow to new heights. I feel that the names and identities of all the individuals who have worked for the student community will be engraved in the roots of IIT Jodhpur.

SHAHZEN KHAN

The image shows a tall, rectangular stone clock tower with multiple levels and a textured surface. It features two large clock faces on adjacent sides. The tower is set against a backdrop of a green landscape and some distant buildings under a cloudy sky.

The image shows a wide-angle view of a modern architectural complex. In the center is a tall, multi-tiered brick or stone tower. Behind it is a long, low-profile building with a light-colored facade and several arched openings. To the right, there's a large, rectangular building with a textured, reddish-brown surface. A paved driveway leads towards the buildings, lined with green trees and shrubs. The background shows a flat landscape under a cloudy sky.
